## Friends Don't Let Friends Teach Uninsured

We inspire. We motivate. We open minds. We also face potentially complex litigation and workplace issues. Are you protected? I've chosen to protect my career by joining Northwest Professional Educators (NWPE).

NWPE provides caring, professional support and benefits focused on helping us have a more enriched and rewarding career:

- \$2 million liability insurance protection
- teaching scholarships and classroom mini-grants
- legal services for job protection issues
- confidential, professional consultations on employment issues
- practical, classroom resources
- newsletters and email updates
- dues are not used to advance partisan, noneducation issues

### A Powerful, Affordable Choice!

You can join NWPE—right now—and gain affordable liability coverage, immediate legal representation and other education-related benefits for just \$16.50 a month. NWPE serves teachers, just like you and me, who want better career protection—*for less money*.

**I invite you to join NWPE for security and peace of mind.** Just fill out the form on the back of this letter and return it in the attached envelope or join online at [www.nwpe.org/join.htm](http://www.nwpe.org/join.htm)

Let me know if you have any questions or call our friendly Executive Director, Cindy Omlin, at 1-800-380-6973.

Your colleague,

P.S. District and union liability policies cover the organizations, not the individual teachers. NWPE's personal policy is on each member ensuring that *we're* protected in case a crisis occurs—regardless of district or union priorities.

**PROFESSIONAL PROTECTION:**  
Protect your teaching career at a fraction of union dues.

Get immediate legal assistance for job protection issues. No other organization can make that promise.

Save hundreds of dollars on your liability protection and legal counsel!

COMPARE AND SAVE:  
Union Dues  
\$50/month = \$600/year

NWPE Dues  
\$16.50/month =  
\$198/year

*NWPE saves you a whopping \$400 a year!*
